SUBJECT: CZECHS SUPPORT A COORDINATED APPROACH TO ENGAGING
AFGHAN GOVERNMENT ON GOVERNOR APPOINTMENTS

REF: STATE 109882

(SBU) Poloffs met with Czech MFA's Afghanistan Desk Officer Irena Blehova on November 4, 2009, to convey reftel talking points. Blehova, noting MFA's belief in a need for greater concerted action among PRTs on a variety of issues, reported that an effort is already underway to formally strengthen coordination between the PRTs of EU member states. She concurred with our assessment that effective engagement on governor appointments should be a priority objective for such improved coordination.
